

YOUR HISTORIES

of

NORTH OAKLAND

Sights, Sounds, & People from the Recent to the Deep Past

1. Biking. Up in the hills, through East / West / North Oakland
2. On San Pablo. It's busy but lined w/ beautiful trees; wish there was a bike lane.
3. On Telegraph, I see the stores and restaurants changing; there
4. is a new bike lane thru downtown
5. The oceanfront / The Bay as you fly into the airport; it's breathtaking. I'm lucky to be here. I became racially-aware here & woke
6. I was depressed here. I got better here. I healed here. Life is full of ups & downs no matter where you live.
7. But again. It's goddamn beautiful here if you know how to look at the
8. world with new eyes. with gratitude. Thx, Oakland.
9. I saw The Gift @ OMCA. I cried. wow. I eat a lot of Arizmendis
10. I shop a lot of the Berkeley Bowl
- There's so much to explore here in the Bay.

Thanks for making history! so much
